

Made in USA

REGALLION
SOLID WOOD CRAFTSMANSHIP

We are a family owned and operated company that has been in business since 2017. The products we build are part of an existing line of furniture that has been tried and proven to withstand the test of time since 2003.

We strive to purchase sustainably sourced Western Red Cedar from the forests in the Northwestern United States and Canada.

Each of our products are handcrafted and personally packaged for each order to ensure the highest quality standards.

All of our furniture can be drop-shipped to your desired destination.

Whether you need a picnic table in your backyard, a swing on your porch, additional patio dining space at your restaurant or have an entire park to furnish, you can rest assured knowing that our Regallion cedar products are naturally weather and bug resistant and built for years of enjoyment.

Thank you for choosing
